

Glen Ellen Forum

UNITED WAY OF THE WINE COUNTRY

Our neighborhood was selected as one of the recipients of the Sonoma County Wildfire Recovery & Resilience Neighborhood Grants Program. We were awarded \$12,500.00!

We were funded \$10,000 for backflow devices \$3,000 and small storage sheds \$7,000. [The balance of \$2,500 will be divided between the Traffic & Safety Committee for ReadyGlenEllen supplies (\$1,000), and a Community Free Meal SUN 12/9 (\$1,500).]

The funds will purchase a limited number of devices and sheds. We will collect and verify all applications and enter them into a lottery, to be drawn 12/10/18. Those selected will be notified once funding has been received (we anticipate it will be in December).

WHO SHOULD APPLY??? If you lost your home in the October 2017 wildfires, please complete **THIS FORM** indicating you are interested in either the backflow device or the storage shed.

Deadline/Application Information
